Dear Mr. Wright,

Thank you for teaching us about abuse. I learned that if it happens that is not our fault it is the person who is doing it to people. What I found interesting was I never knew that there was such a thing as neglectful and emotional abuse. If someone is in trouble I can get my card and call the Child abuse hotline. I feel horrible for who has ever been abused before. If there is any way we can help we are here

Dear Mr. Wright

Thank you for coming to our classroom and teaching us about sexual, neglectful, emotional and physical abuse. I learned that people that are being abused need to speak up to that person who is being abusive. Something I found interesting was that people who are abused need to tell a person before that abuser can abuse someone else. If someone is in trouble, I can call the LB police, child Abuse, Hot line, Women's shelter or for women and children.

Dear Mr. Wright,

Thank you for coming and teaching us about the abuses like: sexual, neglectful, emotional and physical abuse. It was something I found interesting. I learned that if you're abused, do not keep it a secret. I found something interesting in the movie. The children seem to have a happy ending. If someone is in trouble I would tell someone that person to tell someone other than the abuser.

Dear Mr. Wright,

Thank you for teaching us about sexual, neglectful, emotional, and physical abuse. Something I found interesting was that 3 people die everyday of abuse. I learned that if people are abusing you, you should not keep it a secret you should tell someone to be safe. If someone is in trouble, I can call a number on the card you gave me. What kind of abuses are considered to neglectful abuse? Thank you again for teaching me and my class about abuse.

Dear Mr. Wright,

Thank you for coming. I learned that it's okay to say "no." I thought the movie was really interesting. What were the consequences of neglecting someone? I don't have a very good memory. If someone is in trouble, I can help them or I can tell them to stop hurting or abusing someone. I can also call the child abuse hotline. Thank you again for everything. I really like the card. So now, when I see someone being abused, I can call the child abuse hotline.

Dear Mr. Wright,

Thank you for coming and sharing with us about  
abuse. I learned that there are four types of abuse  
physical, emotional, neglect, and sexual abuse. What is the  
cause of a child's abuse? Something I found interesting  
is that three children die each day from abuse. I  
now that if someone is in trouble I can call the  
child abuse hot line.

Sincerely,

Dear Mr. Wright,

Thank you for teaching me and my classmates about physical, sexual, emotional, and neglectful abuse. I thank you for taking your time to teach us about these things. I want to thank you by writing this letter. I learned that if someone or myself was being abused, I would tell someone and if they don't listen, I would tell someone else. It is important to keep telling people until they believe you. Something that I found interesting is that if someone touches you, or messes with you, I should tell someone. What are the consequences of an abuser abusing a child? If someone is in trouble, I can call somebody and call the police.

Sincerely,
